HADASSAH'S PROGRAM

. . . PIONEERS IN HEALTH IN ISRAEL . . .
THRU HEALING, TEACHING, RESEARCH, BUILDING, HOUSING

IN ISRAEL: Hadassah supports a countrywide medical and public health system; extensive vocational education projects; provides maintenance and education for youth new-comers through Youth Aliyah of which it is the official American representative; and participates in land reclamation and afforestation through the Jewish National Fund.

IN THE UNITED STATES: Hadassah's program includes: public relations to help interpret Israel to the American people; education for intelligent and creative Jewish living; a program for American Jewish youth; and participation in efforts which safeguard democracy here and assure peace and security throughout the world.
